9) In the year 1920-21, Bangalore City with extensions comprised of an area of about 10.72 square miles with a population of 1,19,427. In the course of the subsequent 2 decades, the extent of the city has reached 15 square miles and the population has practically doubled itself. The distribution of the 50 sweepers now demanded may be just sufficient to tidy the increasing extensions and also the large number of public urinals and lavaroties that have recently been put up and for which permanent men have to be posted to keep them in a clean state always.

10) The extent of sweeping work among the conservancy staff extends from 2 furlongs in the most thickly populated locality in the old city to over a mile in length in the extensions. A statement showing the sweeping areas allotted to each sweeper in each division in Bangalore City is enclosed herewith. The length of two furlongs is accounted for in the inclusion of several small streets, drains and bye-lanes that forms part of the congested locality. The sweeper has to go round several times in order to keep the area fairly tidy. On the other hand in the extensions there are broad roads with foot

foot paths and conservancy lanes. The sweeper has to cover the mile length of his portion of the work at least 3 times during the day. Of late the existing extensions are spreading quickly far beyond their original limitations and new extensions as the one in the Subedar Chattram Road and Wilson's garden, Narasimharaja Colony, inclusive of villages of Siddapur, Kankanapalya, Jodi Kempapur etc., have come up in the Municipal Administration. Even the 50 sweepers that are now asked for may not be adequite when the distribution is made to the several localities. As the credit of Bangalore City as being the cleanest city in India is to be kept up, the entertainment of 50 additional sweepers may be sanctioned.

SECRETARY TO THE GOVERNMENT
OF HIS HIGHNESS THE MAHARAJA OF MYSORE,
LAW DEPARTMENT, BANGALORE

SIR,

A" Adverting to Government Order No L.6501-3/M1.32-40-119 dated 5-4-1941, sanctioning the appointment of 4 additional Sanitary Inspectors in grade Rs.35-5/2-55-4-87 etc., I have the honour to state that the Health Officer reported that the appointment of fifty additional sweepers was also necessary as the existing staff is not adequate to satisfactorily provide sanitary convenience to the old City as well as extensions which are growing day by day This report was placed before the Municipal Council who, at their meeting held on 22-4-1941, have approved of the recommendation of the Health Officer They have also observed, while recording the Government Order under reference, that the appointment of 50 sweepers is necessary A copy of the Council resolution is herewith submitted I request that the Government may kindly be moved to reconsider their order and to sanction the entertainment of 50 additional sweepers also in this Municipality from 1-7-1941 Necessary provision in this behalf will be made in the budget for 1941-42 onwards The City is growing and this small increase in the number of Scavengers and Sweepers is urgently called for

I have the honour to be,

Proceedings of the Meeting of Council dated 22-4-1941.

Subject No.14.-

Health Officer's memo No.H2.363/40 dated 7th April 1941 that Government while sanctioning the appointment of four additional Sanitary Inspectors have not sanctioned the entertainment of fifty additional sweepers and that Government may therefore be urged to reconsider their order and sanction the appointment of the sweepers.

Mr. L.S. Raju observed that in place of Sanitary Inspectors it would be beneficial to entertain Sanitary Overseers, as regards the sweepers, he said it was quite necessary.

Mr. C.N. Narasinga Rao observed that the question may be taken up for consideration at the time of the budget.

The Health Officer explained that there was great need for the sweepers as the City had expanded and that the amount would be met out of the savings of some other items.

Mr. H.R.Guruv Reddy said that it was his experience that only highly paid Sanitary Inspectors would be sent to Major and City Municipalities and low paid Inspectors would be sent to minor Municipalities. As such the cost would be excessive.

The President said that these places of Sanitary Inspectors would be advertised and that the applicants would be star on only the minimum of Rs.35/-.

RESOLUTION:-Then the recommendation of the Health Officer was approved.

Sd/- W.H. HANUMANTHAPPA

Honorary President.
